MARKET GARDENERS AND FLORISTS

WM. HENRY MAULE, INC.

SEEDSMEN

PHILADELPHIA, PA., U. S. A.

We thank our old customers for their past patronage and look forward to a continuance of same. Every new customer is assured of our endeavors to satisfy them and make them permanent buyers of Maule's seeds, plants, etc., year after year.

THIS BOOK IS A READY REFERENCE PRICE LIST

not a catalogue. For full description of the seeds, bulbs, plants, roots, etc., see Maule's Seed Book for 1923, a copy of which will be sent you on request, if you have not already received one. You will note the reduced prices quoted in this list are for market gardeners and florists only.

Direct-to-the-Planter Savings

The Maule direct-to-you-the-grower policy makes it possible for you to secure growing seeds, bulbs and plants, at lowered prices. You will notice on comparison with other offerings that most Maule's prices are unusually low—most remarkably low when you consider the research, expert attention and innumerable tests needed to provide you with seeds of Maule quality.

For years it has been our policy of supplying the best strains of seeds, bulbs, plants, etc., obtainable to market gardeners and florists.

Maule's Tested Seeds

Every new strain is tried out, and close attention given to the development or improvement of old favorites. Such care is at the foundation of the reputation that Maule's seeds, bulbs, plants, etc., have won, "Once Grown, Always Grown."

For tests of new seeds and experiments with older strains we maintain extensive trial grounds at Newfield, N. J.

For proving before planting, every lot of seed that comes into our warehouse is subject to a germination test. No test will warrant a guarantee that seeds will grow. Results must depend upon weather conditions, soil and cultivation. We do all we can to start you right.

Our Store

We have opened a large store on the first floor of our seed house, where we are enabled to render prompt and efficient service to those who wish to call for their seeds or bulbs and for whose benefit we have added a full line of gardening tools, spraying materials, sundries, etc. If inconvenient to call, and you wish goods sent C. What You Should Do

Order Early

Be sure to get your order in early. While our supply of seeds, bulbs, plants, roots, etc., should be adequate, yet the demand is certain to tax us heavily. The earlier you order, the more certain you are of having seeds, bulbs, plants, roots, etc., exactly when they are needed for proper planting. Mail, express and freight are sometimes delayed, so order early.

Accurate Address

Write your full name and complete address on every order. Give your post office address and name of state and county. If you have a post office box or live on an R. F. D. route, please give the number. If the goods ordered are to go by freight or express, give shipping directions and the name of the railway station where goods are to be delivered.

How to Send Money

The safest way to send money is by post office money order, express money order or bank draft. On all amounts of \$1.00 or over you may purchase your money order or register your letter at our expense. Stamps will be acceptable as cash.

Change of Address

Notify us when changing residence, giving new as well as old address. Catalogues or merchandise sent to wrong address cannot be forwarded by your postmaster without additional postage.

Extra Catalogues

We are always pleased to send extra Catalogues or Special Price List to give your friends; or if you wish, send us their names and addresses and we will mail a Catalogue or Special Price List to them, free.

4. **As to Crops.** Under the varying conditions of soil and climate, it is absolutely impossible for any seedsmen to guarantee the results of seeds, bulbs or plants. We, WM. HENRY MAULE, INC., therefore, in common with all American Seedsmen, give no warranty, express or implied, as to the description, quality, productiveness or any other matter of any seeds, plants and bulbs we send out, and we will not be in any way responsible for the crop. We cannot, under any circumstances, assume responsibility for more than the actual price paid for seeds, plants or bulbs. If the purchaser does not accept the goods on these terms, they are at once to be returned; but we do guarantee that we will use every effort to send you the best seeds, plants and bulbs procurable, of such varieties as you may order.

Maule's Frost Proof Cabbage Plants

Because they mature heads which can be marketed two to three weeks earlier than your home grown plants and you get early market prices.

The seed is planted in the open field in the south; the plants make a slow but steady growth, until at 8 to 10 weeks of age they are very tough and hardy, the buds are purple and the outer leaves a reddish brown. When in this condition they can be shipped further north. These plants have stood a temperature of 8 to 10 degrees above zero without injury; the land freezing, or the plants being covered with ice, sleet or snow, after they were planted, did not injure them.

The top of the plant does not grow until your regular spring weather opens up, but the roots grow from the time they are planted. Headed cabbage is ready 10 days to 3 weeks earlier than from any other plants.

Our cabbage plants are grown from the best Long Island grown seed and are shipped direct from our growing stations in the south by parcel post. We can fill orders from December 1st to May 1st.

To get the full advantage of these frost proof cabbage plants they must be planted a month or six weeks earlier than you would plant home grown plants.

Order early and state about what date you wish your plants sent. We will ship just as near the time desired as weather and other conditions permit.

100 of any one kind, 50 cents, postpaid; 500 of any one kind, \$1.75, postpaid; 1000 or more of any one kind, \$3.00 per 1000, postpaid.
By express, purchaser paying charges in lots of 1000 to 4000 at \$2.00 per 1000; in lots of 5000 or over at \$1.50 per 1000.

Order in even hundreds or thousands, viz., 100, 200, 300. Not 150, 250, etc.
If larger quantities are wanted, than listed in this price list, write for special prices.

Will Double Your Profit—Why?

Please Remember Your order must first be sent from our offices in Philadelphia to our growing station in the south, and it will take several days to reach there after we receive it. Plants cannot be pulled and shipped in rainy or freezing weather, when wet they heat too rapidly. We sometimes have a week or ten days of continued wet weather which prevents shipment. Your order will be accepted with the understanding that you are willing to allow for delays, such as explained above, over which we have absolutely no control.

Read Carefully Before You Order Varieties. We can supply frost proof cabbage plants only in the following varieties: Early Jersey Wakefield, Charleston or Large Wakefield, Early Flat Dutch and Succession.

No plants shipped C. O. D. No less than 100 plants sold. The hundred rate applies to 100 plants all of the same variety; the five hundred rate applies to 500 plants all of the same variety, etc. We make no charge for crates or packing. We do not reserve plants unless remittance is sent with order.
